- Russian: Elementary

## Education

- **Expected Graduation: June 2026**  
**AZERBAIJAN UNIVERSITY OF ARCHITECTURE AND CONSTRUCTION – INFORMATION TECHNOLOGY**

## Experience

- **(2025 – Present)**  
**PRODUCT DEVELOPER (FRONTEND & UI/UX) | UI8 & CODESTER (MARKETPLACE)**

**Product Vision:** Founded Zenxthemes and scaled Syntia AI, a digital studio specializing in high-end UI templates and SaaS dashboards.

**Engineering:** Leveraged advanced AI tools to accelerate the development of a scalable, AI-native dashboard system featuring 20+ responsive pages and 9 custom layouts.

**Market Success:** Successfully launched products on premier digital marketplaces, consistently meeting rigorous industry standards for design and code quality.

**Workflow Optimization:** Managed the entire development lifecycle using Git and GitHub, maintaining organized branch structures and versioning history.

**Deployment & Performance:** Ensured cross-device responsiveness and visual consistency; successfully deployed and hosted via Vercel.
